Dear Valued Customer,

Please refer to the attached itemized estimate. The estimate contains our valuation of the damages for the reported loss and was prepared using usual and customary prices for your geographic area. If this is a supplemental or updated estimate and your policy includes replacement cost coverage, please refer to our communication regarding how to make a claim for any additional eligible payment.

Please note that if your mortgage company is included on your claim payment check, contact the mortgage company to discuss how to handle the proceeds of this payment.

If you choose to hire a contractor or vendor to make repairs, please provide this estimate to them. If you, your contractor, or vendor determine that there are additional building fees and/or permits associated with the estimated repairs that are not included in this estimate, please contact me immediately so that I may review and make a determination as to the appropriate payment.

If the estimate reflects a reduction for Salvage Retention, there are materials estimated for removal that have been identified as having salvage value. The amount reflected for Salvage Retention is applied using current values specific to the weight and quantity of materials to be removed and specific to your geographic region. A report is attached or can be provided upon request that provides a detailed summary of the Salvage Retention amount shown on your estimate. This amount should also be reflected on any estimates or invoicing provided by your contractor or vendor as a reduction in repair costs. Please note that the values provided are subject to change due to market conditions.

If you discover any additional damage to your property, please immediately contact me, either personally or through your
