Structural Damage Claim Policy

This estimate is priced based on estimated market pricing for the cost of materials, labor, and other factors at the time of the loss.

Adjustments in market pricing and timing of the repairs may impact the final cost of covered repairs. Should you or the contractor you select have questions concerning our estimate, please contact us. If your contractor's estimate is higher than ours, you should contact us prior to beginning repairs. State Farm will work with you and your contractor to determine the actual and necessary cost of covered repairs at the time repairs will be completed, subject to policy terms, conditions and limits.

- We want you to receive quality repair work to restore the damages to your property.
- We will provide you with a detailed estimate of the scope of the damage and costs of repairs. Should the contractor you select have questions concerning our estimate, they should contact your claim representative directly.
- Depending upon the complexity of your repair, our estimate may or may not include an allowance for general contractor's overhead and profit. If you have questions regarding general contractor's overhead and profit and whether general contractor services are appropriate for your loss, please contact your claim representative before proceeding with repairs.
- There may be building codes, ordinances, laws, or regulations that affect the repairs of your property. These items may or may not be covered by your policy. Please contact your claim representative if you have any questions regarding coverage which may be available under your policy.
- State Farm® cannot authorize any contractor to proceed with work on your property. Repairs should proceed only with your authorization.
- State Farm does not guarantee the quality of the workmanship of any contractor or guarantee that the work will be accomplished within any specific time frame.
- It is understood that the contractor is hired by you, our insured, and that they work for you - not State Farm.

If you have any questions or need additional information regarding your claim, please contact your claim representative immediately.
