API Keys & Connections
Advanced settings — your plan already includes AI with no setup needed.
YOUR COMPANY ID
loc_mmdvp1h5_e8i9eb
Your plan already includes AI interactions. Lexi, Sarah, and all AI features work out of the box — no API keys required. This page is for advanced users who want to connect their own Google Gemini, Twilio, or email accounts. A small platform fee still applies even with your own keys.
Connection Status
AI (Gemini) Managed
Voice & SMS Plan default
Email Plan default
AI — Google Gemini
Powers the reasoning and logic for Lexi, Sarah, and the AI Estimator
CompanySync managed
Use My Own API Key
Save on platform fees
Enter your Google Gemini API key. You pay Google directly at their published rates.
A small platform fee applies even with your own key.
How to get your key (3 steps):
1. Click Get your key
2. Create a new API Key (or select existing)
3. Copy and paste it below
API Key

Save Key
Use CompanySync's AI Service
Recommended
No setup required
We provide the AI infrastructure. Billed per use through your subscription.
CompanySync rates:
AI Estimator $0.08/run
AI SMS assistant $0.02/msg
PhotoSync analysis $0.12/photo
Currently active — no action needed
Email
Outbound emails, estimates, invoices & campaigns
CompanySync managed
Use My Own Email Account
More control
Emails come from your own address — personal and on-brand. Choose Standard SMTP (Gmail/Outlook) for small crews or Resend for high-volume sending.

Use CompanySync's Email Service
Recommended
No setup required
We handle email delivery through CompanySync's infrastructure. Works out of the box — no SMTP settings or API keys needed.
Instant setup — ready immediately
Managed deliverability & bounce handling
Estimates, invoices, and alerts just work
Included in your plan:
Transactional emails (invoices, estimates) Included
Automated follow-up emails Included
Marketing campaigns $0.001/email
Currently active — no action needed
Voice & SMS — Twilio
Infrastructure for Sarah's voice calls, automated SMS, and team outbound dialing
CompanySync managed
Use My Own Twilio Account
Own your number
Enter your own Account SID, Auth Token, and phone number. You own the number and reputation — if you ever leave CompanySync, you take them with you.
A small platform connection fee still applies.

Aerial View API

45° flyover videos in the AI Estimator roof tool

Not configured

Enables the "Generate 3D Aerial Video" button in the AI Estimator satellite view, which shows a rotating 45° oblique flyover of the property. Requires your own Google Aerial View API key — this feature never uses a shared platform key.
