Auto-Backup Settings

Daily backups run automatically at 2 AM. Old ones are auto-deleted on the schedule below — pinned and manual backups are kept forever.

Daily backup retention

30 days

Daily backups older than this are auto-deleted.

Keep weekly snapshots
Sunday backups are kept for 6 months

Keep monthly snapshots
1st-of-month backups are kept for 2 years

Email backup notifications
Get an email each time a backup runs and 7 days before any backup is auto-deleted

Create Manual Backup

Manual backups are pinned by default and never auto-delete. Great to run before risky changes.
