Storm Alert Settings

Configure automatic notifications for storms in your service areas

How it works: Add up to 5 office locations. When storms hit within any office's radius, you'll automatically receive email/SMS alerts with storm details and the option to generate leads instantly.

Office Locations 2/5 Offices

+ Add Office

Configure up to 5 office or branch locations. Storm tracking monitors all of them simultaneously.

Bedford Heights — Cleveland, OH

Office Name	Location (City, State)	Radius (miles)
Bedford Heights	Cleveland, OH	60
Label for this location	✓ Coords saved (41.4997, -81.6937)	Monitoring range from this office

Additional Counties / Cities (8/10 used)

Specific counties or cities outside the radius to also monitor (comma-separated).

e.g., Cuyahoga, Summit, Medina + Add

Cuyahoga × summit × lorain × sandusky × media × portage × geuaga × ashtabula ×

• **Bedford Heights** monitors a **60 mile** radius from **Cleveland, OH**, plus 8 specific areas.

Brians territory — Geneva, OH

Office Name	Location (City, State)	Radius (miles)
Brians territory	Geneva, OH	60
Label for this location	✓ Coords saved (41.8053, -80.9476)	Monitoring range from this office

Additional Counties / Cities (0/10 used)

Specific counties or cities outside the radius to also monitor (comma-separated).

e.g., Cuyahoga, Summit, Medina + Add

No specific areas added

• **Brians territory** monitors a **60 mile** radius from **Geneva, OH**.

+ Add another office location (3 remaining)
