Video Training Generator

Create step-by-step training videos using real CRM screenshots with AI voiceovers

+ New | Update | View

Video Training Generator

Upload CRM screenshots and add narration for each step

Name

CompanySync Dashboard Tutorial

Description (Optional)

together to streamline the entire lifecycle of a job. Emphasize the benefits of using the platform: closing insurance claims faster, keeping crews perfectly aligned in the field, eliminating paperwork bottlenecks, and ultimately scaling a highly profitable restoration business

Use this to fix misaligned narration - tell the AI what to focus on in your screenshots

Save

AI Assistant

Rachel - Natural Female

Upload Screenshots or PDF

Select multiple images or one PDF

Upload all slides first, then add topics to generate cohesive narration!

Step 2: Generate Cohesive Narration

Fill in the **Slide Topic** for each slide below, then click the button. The AI will analyze ALL slides together to create a smooth, connected video script.

Master Narration Instructions (Optional)

Tell the AI how you want the narration to be generated:

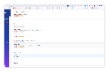

Examples:
• 'Make it short and concise, 1-2 sentences per slide'

Be specific! Tell the AI the video's purpose, desired length (short/long), tone, and focus areas.
